

## “eduroam” services

**eduroam** is a global service that enables IITK users to obtain Internet connectivity when visiting other eduroam enabled institutions by simply opening their laptop or activating their smartphone or other portable device through Wi-Fi.

With eduroam, you get Internet access when visiting other eduroam enabled universities, colleges, research centres and libraries. This facility would enable users to get authenticated and connected to the visiting institutions network using IITK ID and password. It also enables visitors from other eduroam enabled institutions visiting IITK to access Internet using their home institute ID and password.

### How to use “eduroam” services

1. If you are IITK user and not registered in single sign-on Wi-Fi, please follow below instruction to register.

Go to the Website <https://wifilogin.iitk.ac.in> and create a password for Single Sign-On Wi-Fi.

- a. Click on “**New Users**”.
- b. Login with CC user credential.
- c. Then create a password for Single Sign-On Wi-Fi access.

**(Note: Username will remain same as CC username)**

**NOTE: The same website can also be used to change the Single Sign-On Wi-Fi password.**

2. When visiting any other eduroam enabled institute, connect to eduroam SSID and use **CCuserID@iitk.ac.in** as “username” and “Single Sign-On” password as a password.
