1. Background:

As per the Ministry of Finance Gazette Notification dated January 31, 2019, the Central Government Subscribers w.e.f. **April 1, 2019** will have the option of selecting the Pension Funds (PFs) and Investment Pattern in Tier I account. The Subscriber can choose any one of the available PFs and Investment Option as per their choice. If the choice is not exercised by the Subscriber, NPS contributions will be invested in the existing Schemes - LIC, SBI and UTI will act jointly as default PFs as per the guidelines issued by the Government of India/ PFRDA.

The Subscriber can select any one of the investment schemes as mentioned below:

Active Choice:

1. <u>Scheme G</u> - 100% of contribution shall be invested in Government Bonds and related instruments.

Auto Choice:

- 2. <u>Scheme LC 25</u> It is the Life cycle fund where the Cap to Equity investments is 25% of the total asset.
- 3. <u>Scheme LC 50</u> It is the Life cycle fund where the Cap to Equity investments is 50% of the total asset.

However, for Tier II Account, the Subscribers had been provided the flexibility to choose any one out of the available PFMs and also the scheme and percentage in which the selected PFM would invest the funds. For more details on 'Investment Option', please refer 'Information on Scheme Preference' available on CRA website.

In the upcoming sections, we have provided the following:

- Under Section 2, procedure to be followed by Nodal Offices (PAOs/ CDDOs) for executing the request of Scheme Preference Change has been provided.
